

## No Longer DMX: But Alive in Christ

Dead man walking This is a term that comes from death row in our penal system. When a man or woman who is sentenced to death is on their way to be executed this is what the warden and or prison guard states as they take that last walk. In this devotional Bible study, Dr. Rene encourages and challenges the reader to search The Word of God for answers to lifes day to day questions. When a young person knows for themselves how God would have for them to walk out their Christian journey, they will no longer be dead men and women walking, but Living and walking! Take the time to walk through this nine week devotional and experience the transformational process of growing in Gods likeness!
