Preliminary Results with the use of 2,4-Dichlorophenoxy-Acetic Acid Volume 108, Number 1 Sep., 1946 1. Floral differentiation occurred shortly before the end of October in the four varieties of mangoes studied. 2. Flower-Bud Formation and Development in *Mangifera indica*, Botanical Gazette 108, no. 1 **Control of Flower Formation and Fruit Size in the Pineapple** Volume 108, Number 2 Dec., 1946 1. Decapitated second internodes of the Red Kidney bean were treated with four of the substituted phenoxy Bean Plants to Certain of the Substituted Phenoxy Compounds, Botanical Gazette 108, no. **Pure Cultures of Algae: Their Preparation and Maintenance. E. G.** Volume 108, Number 2 Dec., 1946 1. Rice plants grown in sand or solution culture were found to respond to the addition James Bonner , The Role of Organic Matter, Especially Manure, in the Nutrition of Rice, Botanical Gazette 108, no. **Action Spectrum for the Photoperiodic Control of Floral Initiation of** Volume 108, Number 2 Dec., 1946 In the one trial where fruit counts were possible, the addition of 0.0037% 2,4-D to the spray oil significantly of 2,4-Dichlorophenoxy-Acetic Acid as a Spray-Oil Amendment, Botanical Gazette 108, no. **The Origin of Multiple Macrogametophytes in *Poa pratensis*** Volume 108, Number 2 Dec., 1946 1. The properties of the nitrogen-fixing enzyme system in *Nostoc muscorum* appear to be very similar to those already **General Introduction, Apostasioideae, Cypridioideae - Google Books Result** Volume 108, Number 1 Sep., 1946 1. Spores of *Pteris longifolia* were germinated and the gametophytes were grown uninterruptedly Young prothallia grown for 21 days on plain Zinzadzes solution made no appreciable growth to Applications of Ammonium 2,4- Dichlorophenoxyacetate, Botanical Gazette 108, no. 1 **Botanical Gazette on JSTOR** Expt. Stn. For- mosa No, 19, 107118. Sawada In A. Engler (Ed.) Die natuerlichen Pflanzenfamilien (Vol. 1, pp. 108 119). Botanical Gazette, 28, 149176. **Chromosome Atlas of Cultivated Plants. C. D. Darlington , E. K.** Volume 108, Number 1 Sep., 1946 This article was published in Botanical Gazette

(1876-1991), which is E. G. Pringsheim , Botanical Gazette 108, no. 1 **Breeding Behavior and Chromosome Numbers in Progenies from** Volume 108, Number 2 Dec., 1946 Abstract. 1. Six soils with a wide range in pH and in physical properties were treated with lime, Acid and Its Calcium Salt from Six Different Soils by Leaching, Botanical Gazette 108, no. 2 (Dec., 1946): **Variation in Ecotypes of *Poa pratensis*: Botanical Gazette: Vol 108** Volume 108, Number 1 Sep., 1946 1. In the Cabezona variety of pineapple naphthaleneacetic acid (NA) can mg. per plant are capable of inducing flowers in a limited number of plants (1 p.p.m. curve of fig. J. van Overbeek , Control of Flower Formation and Fruit Size in the Pineapple, Botanical Gazette 108, no. 1 **Paleobotany: The Biology and Evolution of Fossil Plants - Google Books Result** Botanical gazette. Add this to your Mendeley Botanical gazette. Preceded by: Botanical bulletin. Succeeded by: Collections: New York Botanical Garden. **On the Life-History of *Vanilla planifolia*: Botanical Gazette: Vol 108** Evolutionary classification in botany, 1960-1985. Journal of the Arnold Pattern and process: phylo- genetic reconstruction in botany. Swamy, B. G. L. (1946a). Botanical Gazette, 108, 449-56. *Fragmenta florisitica et geobotanica supplementum*, 3, 1-152. List of chromosome numbers in species of the Orchidaceae. **White Rust of Crucifers: Biology, Ecology and Management - Google Books Result** Volume 108, Number 2 Dec., 1946 1. *Uromyces aloes* (Cke.) Magn. is a microcyclic rust developing pycnia and telia on the leaves of *Aloe vera*. The haploid chromosome number, as determined during the meiotic divisions of the fusion **Characteristics of the Nitrogen-Fixing Enzyme System in *Nostoc*** Volume 108, Number 1 Sep., 1946 No such difference occurred between the progenies from the other twenty-one sets of twins the egg and a synergid of an embryo sac carrying the reduced chromosome number, one member of in Progenies from Twin and Triplet Plants of *Poa pratensis*, Botanical Gazette 108, no. **Cytological Studies in the Alismaceae: Botanical Gazette: Vol 108** Volume 108, Number 1 Sep., 1946 1. The plant fragments herein described were found in two collections of Fredda D. Reed , On *Cardiocarpon* and Some Associated Plant Fragments from Iowa Coal Fields, Botanical Gazette 108, no. 1 **Reactions of Decapitated Bean Plants to Certain of the Substituted Vol. 108, No. 1, Sep., 1946 of Botanical Gazette on JSTOR** Volume 108, Number 1 Sep., 1946. No Access. Volume Information **Breeding Behavior and Chromosome Numbers in Progenies from Twin and Triplet Plants Plants for Toxicity Assessment - Google Books Result** Botanical Gazette 31 (1901): 73-108. Dale, Tom, and In International Congress of Arts and Science, St. Louis, 1904, vol. 5. *Progressus rei botanica* 1 (1907): 243-317. Floyd *Journal of Soil and Water Conservation* 1 (October 1946): 55. Volume 108, Number 2 Dec., 1946 1. The chromosome numbers of two species of *Alisma* and fifteen species of *Sagittaria* are reported. cytologically have $2n = 22$, consisting of one pair of long chromosomes with median constriction, one **Images for The Botanical Gazette, 1946, The Botanical Gazette, Volume 108, Number 1 : .** Volume 108, Number 2 Dec., 1946 1. Eight hundred progenies derived from single panicles of *Poa pratensis* collected in twenty-seven No close association of such differences with regional, soil, or climatological variations could be **On Cardiocarpon and Some Associated Plant Fragments from Iowa Volumetric Studies of Seeds, Endosperms, and Embryos in *Pinus*** Volume 108, Number 1 Sep., 1946 1. The purposes of this investigation were to obtain quantitative data on the photoreactions that prevent for the Photoperiodic Control of Floral Initiation of Short-Day Plants, Botanical Gazette 108, no. 1 **A Cytological Study of *Uromyces aloes*: Botanical Gazette: Vol 108** Botanical Gazette. Coverage: 1876-1991 (Vol. 2, No. 1 - Vol. 152, No. 4) 108). No. 4 Jun., 1947 pp. 459-594 No. 3 Mar., 1947 pp. 301-458. 1946 (Vol. 108). **Natures Economy: A History of Ecological Ideas - Google Books Result** Volume 108, Number 2 Dec., 1946 1. Data were obtained on the seeds, endosperms, and embryos from cones of previously described initiation, the volume of the embryo is closely related to the volumes of endosperm and of seed. 7. in *Pinus ponderosa* During Embryonic Differentiation, Botanical Gazette 108, no. **Responses of *Pteris longifolia* to Applications of Ammonium 2,4** 1. In the orchid *Vanilla planifolia* the microspores do not remain united to form Double fertilization takes place normally, but, since there is no lower polar
