

## The Christian Coloring Book: The Christian Adult Coloring Book of Stress Relieving Designs, Animals, Angels, Jesus & More! (Christian Coloring Books) (Volume 1)

The Christian Coloring Book More than 60 beautiful and ornate coloring book pages for hours and hours of relaxing calm and peace. And isn't that what coloring is really about. Turn on some music, sit back, and let your creative juices flow while you turn a page of black and white into the embodiment of your mind's ultimate color scheme! This is a coloring book devoted to each and every one of us. We can all use peace and calm every now and then, so this is how we can do it in a fun way! Renew your love of the Christian Stories and Images and coloring with this fun journey.

We decided to take you on an adventure that you will recognize with images of Jesus and those around him. We ask that you write down your favorite scriptures on each page as you color them as a remembrance to those parts of the bible that most resonate with you. This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but. We also added some really cool coloring pages that are just for you to zone out after a long day. We think you'll love the designs and create some incredible pieces of art! Our idea with this project was to both inspire you, and increase neuronal activity and stimulation in a way that activates very unique parts of your mind. There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ. So have fun, relax, let the markers and pens do what they will, and hang on for an incredible, mind-altering ride! We hope to give the designer (you) a very introspective and mind-expanding experience. To help you bring your full art and color to life, we've left the outlines slightly gray instead of harsh black. Your ideas and the beauty you create are more important than the original

designs. This is for you!
