

# Shaping your Familys Faith: One Familys Story of Growing Strong Together

Sometimes parables communicate truths better than any self-help book. Meet the Millstones. Jason and Sarah and their three children are just the sort of Christian folks you'd want for next-door neighbors. Or so it seems. As the story unfolds, the good family takes some wrong turns. Petty theft, on-line affairs, bad lifestyle choices and troubling attitudes show that things are far from well in the Millstone family. As the pages turn, readers discover such practical concepts as: change can be good but is often painful; marriage requires constant maintenance; crisis can be opportunity; actions speak louder than words; and love for your children and spouse means commitment and sacrifice. As they follow the parable of the Millstone family, readers will see these truths illuminated in a fresh new way that will help them strengthen their own marriage and family.
