

Football Heaven:: God Plays Offense The Devil Plays Defense (The Staircase to Heaven Series Book 1)

God never plays defense, but He is always both day and night on the offensive making offensive pro-active moves designed to bring about the rescue of mankind. Surprisingly, He is never in the dark and never observing unknowingly to see how someone is going to respond in their situation. Although we are accountable for our behavior, God never uses that activity as the sole determining factor for how He will respond next. He always responds in love. He is never surprised when we want His help and He is always ready and He is never surprised even when we reject Him. He is totally prepared for both situations and always gives us enough time and love to make our final free-will decision for or against Him. Since God is omniscient and knows everything and since He is also omnipresent meaning He has the ability to be in more than one place at a time; and since He is all powerful (omnipotent) He has no need to play the defensive position, waiting and thinking to determine what His next move will be.
