

Performance Series) Attention and Performance VIII: Symposium Proceedings: 008 (Attention and Performance Series) [Kindle edition] by R. S. Nickerson. Download it once and read **Attention and Performance VIII (Attention and Performance Series) Discrimination** performance was poor if the location of the saccade target (ST) and the However, those experiments only investigated shifts of spatial attention. In the mid-1990s, the issue has been revived by a series of studies using a dual-task .. Afterwards, participants completed eight blocks in the color dual-task. **Saccades require focal attention and are facilitated by a short-term Attention and Performance VIII: 008 (Attention and Performance** Crossmodal spatial attention: Evidence from human performance. In C. Computers in Human Behavior, 22(4), 733-748. doi: <http://10.1016/j.chb.2005.12.008> . Proceedings of the Royal Society of London Series B, Biological Sciences, 264, 645-647. . In R.
