

Dhariya: Prelude to a Dark Legacy

Can a dream come true also be your worst nightmare? Can the love of your life be both life enhancing and life threatening at once? Indeed they can for the heroine of Dhariya ~ Prelude To A Dark Legacy. ~ In this gothic tale of love, betrayal and murder, set in 1700s Scotland within the walls of an old castle--a beautiful young woman falls prey to a compelling stranger. He is a man of secrets, of dark hidden passions, who unlocks her sensuality and teaches her the full meaning of desire. She senses danger in him yet somehow this thrills and excites her, filling her with a longing shes never known before--drawing her deeper and deeper into his darkness. He in turn, finds by capturing the untouched reaches of her heart, his own has stirred to life, which poses a far more dangerous threat to them both. This castle too holds a great many secrets. Suddenly things begin to change and strange occurrences abound. Then as shocking truths unfurl, she discovers it is indeed death that awaits her within the shadows.
