

Effectual Prayer.

Frances W. Foulks takes the reader through eight steps of prayer--from what makes prayer effectual to actually living in the consciousness of the Christ. This is a timeless book, so while the writing style differs from what the contemporary reader may expect, it is like remembering your grandmothers advice when faced with a current problem. Rev. Foulks observations are astonishingly simple but not simplistic. In commenting on how we ourselves limit our capacity to receive an answer to our prayers, she says: The answer desired when the prayer is offered may never be manifested, for as long as we are seeking things, our desires change with the fashions, and there is no perfect pattern for substance to follow.
