

NOLUTHANDO: Wrath of a scorned woman

Noluthando - Mpumalanga Seriesm is a short adrenaline shot of a jaw-dropping and passionate story of a young Yellow-bone (Urban term for African women with fair skin); she is a young girl from Sabie, Mpumalanga who starts her journey as an ambitious waitress to a qualified Business Manager. Like many young woman, she meets a few life-changing detours and they all lead up to one fateful day where she has to choose between living a life of pretense, or dealing with the one man whom she felt was the love of her life. Caught in between the sterotyping that fair-African women have it better than other skin tones, we get to see the intensity of the unrealistic expectations that she is forced to meet; while trying to discover herself. Will she ever get over her first love, Trevor Hlatshwayo?
