

Manhunt

Sometimes you have to forget it all to remember what really matters. Michael Brennans life and career come to an abrupt halt when he receives a phone call telling him the love of his life, Nikki Wright, is in the hospital after another attack by her ex-boyfriend Sebastian Cross. Rushing back to Hershey, PA, Michael turns up at Nikkis hospital bedside covered in Sebastians blood and telling her they have to leave immediately. Though her injuries have induced amnesia, Nikki inherently feels she can trust this man with her life. Soon, they find themselves on the run from both their own troubled pasts and authorities hunting for Sebastians killer. But with each new day and each touch drawing her further into Michaels embrace, Nikki remembers more about this fugitive she once loved, and who still loves her enough to risk everything to protect her and keep her safe.
