

Fresh Courage Take: New Directions by Mormon Women

The twelve essays in this anthology provide a refreshing array of female perspectives, personalities, and circumstances. Along with an introduction by Jamie Zvirzdin, the essays invite readers to recognize and own their personal struggles, gifts, faults, and desires and to accept where they stand on the spectrum of humanity. Fresh Courage Take demonstrates that the road to heaven is not a conveyor belt powered by a checklist of religious obligations, cooked casseroles, and a collection of children. If anything, it is a complex network of interchanges and decisions including long, often solitary paths. The authors span a wide range of views and situations in life: politically conservative to progressive, single to married with many children, highly educated to working-class, stay-at-home moms to the professionally successful, of European or African heritage, religiously orthodox to heterodox. In short, they define, from their diversity, what being a Mormon woman means and what type of path they feel they must take to be true to themselves and their beliefs. Authors include Carli Anderson, Rachael Decker Bailey, Erika Ball, Rachel Brown, Karen Critchfield, Ashley Mae Hoiland, Sylvia Lankford, Marcee Ludlow, Brooke Stoneman, Camille Strate Fairbanks, Colleen Whitley, and Jamie Zvirzdin.
