

Full Throttle

Fast cars and a smokin hot passion... Rex intends to own and drive his own car, but that will cost him millions up front. Last season was a disaster, thanks to a nasty break up, but it taught him a lesson and helped sharpen his focus on what he needed to do: Win every race. And stay away from pretty girls. The last thing he needed was to learn that his new head mechanic, Jimmy James, was the gorgeous redhead pin-up walking around his pit like it was some kind of dance floor. Gail Jimmy James is the first female NASCAR mechanic. As if competing in a mans world isnt tough enough, her bombshell figure bellies her genius IQ, and the pit is no place for either. Nothing Jimmy knew about Rex Henderson the driver prepared her for Rex Henderson the man. But Jimmy has no time to dwell on her feelings as strange mechanical problems curse Rexs car. Whether sabotage or her own mistakes, Jimmy must stay one step ahead of trouble if shes going to keep her job, and keep her driver alive...
