

## The Truth Not Lived: The Path to a Purposeful Life

We all long for happiness, peace and meaning. Despite our best intentions, why do we feel frustrated and unhappy, lacking direction and real purpose? In *The Truth Not Lived: The Path to a Purposeful Life* you will learn how to discover, explore, develop and exploit your true purpose. Most people do not know the true potential that lies within them. Each of us is richly endowed with natural gifts, but we have not discovered them or we do not know how to use them. In *The Truth Not Lived: The Path to a Purposeful Life*, the author shares the wisdom necessary to live with joy, peace and meaning. Like precious metals such as platinum and gold, our true purpose lies hidden, waiting to be discovered and mined. In this book you will learn how to use the Five Stages of a Purposeful Life developed from the analogy of mining: discovering your true purpose, exploring its value, developing it, exploiting your purpose, and finally, experiencing closure. No matter where you find yourself today, it is not too late: you can still make a positive change for a better tomorrow. The way to greatness is open to everyone. We only need to discover our purpose and follow the path that leads to a life filled with contentment, tranquility and meaning.
