

## Lemonade and Holy Stuff

In *Lemonade and Holy Stuff*, Gargasz examines the small moments in life that help us turn bad situations into good and leave us feeling more blessed than we realize. Through the eyes of a mother, wife, daughter-in-law and aunt, readers will find more than their fair share of laughter and tears in her observations of everyday life. They may even find a glimpse of themselves. Whether observing the humor her children use to calm an upset cousin, complaining of mining for money her young son swallowed, or chronicling the lessons learned by a woman who should have been a statistic, Gargasz uses warmth and wit to convey one simple message: Cling to the little things in life. They make it so much worth the living.
