

Peter and the Almere Drug Deal

Three friends, Peter, Joost and Harry, would like to go for a 3-day teen tour during summer. To earn the money needed, the three friends decided to work together in the supermarket. Peter was assigned as the delivery man while the other two were assigned to man the store. At one point, Peter was assigned to deliver goods for a wealthy widow who later told him about her strange neighbor whom she had long suspected to be involved with drugs. The three friends started to investigate further. That marked as the start of their exciting adventure with drug dealings and kidnappings, which mainly takes place in and around Almere and takes them to an almost explosive ending. Walter was born and raised in Utrecht. He works as a bus driver. Hes been married for 21 years with three sons, ages 16, 13 and 12 respectively. Writing childrens books actually came out of nowhere. He just decided one day to sit in front of the computer and the story came out three months later. When his sons read the story and found it exciting, he knew that it had to be published in a book form.
