

Of Secrets and Sorcery (A Prince of Lynvia Book 1)

Middle School is the least of Kyne Goodrums problems. That is, it would be if he could take his dragon along. When Kyne moves to a sleepy little town in Tennessee, he has no idea the house his family is moving into is haunted. He begins having dreams of a world where dragons live, where magic really works, and for some inexplicable reason, everyone he meets is trying to kill him! He spends each day dealing with bullies and burned-out teachers, and each night running for his life. Whens a guy gonna get some sleep? His only friend is a sarcastic dragon who seems to know much more than hes saying. Wounds that Kyne receives in his dreams last into his waking world, and he begins to wonder which world is real... Or are they both?
