

ROC Your World: Changing Communities For Good

Do you long to see the area where you live transformed, but haven't a clue how to make it happen? Would you like to see relationships in your community change for the better? Do you want to be a part of God's miracle in your neighbourhood and beyond? In this book, author Debra Green shares insights gained from 20 years experience of community transformation and helps us to see that it is possible to make a difference regardless of how unqualified we may feel or under-resourced we may be. This book isn't just full of good ideas – they actually work and have been proven by groups of believers up and down our nation. These principles can transform communities for good!
