

Read Me Dead

Alexia Wheatons problems go beyond picking a dress and a date for homecoming.

For seven years, Alex has lived with a painful memory - her parents horrific murder. As the sole witness, she has kept quiet to protect herself, but when the local newspaper reveals her secret, Alex is plagued with fear that her parents murderer will soon find her - and silence her forever.

Alex is catapulted into a race against time to save her own life and bring her parents murderer to justice.
