

When Daniels parents force him to move to the countryside, he fears his new life will be boring... yet nothing could be further from the truth. On his first day at his new school, he is told the dark and mysterious wood at the back of his garden is cursed by a terrifying beast. With rumours of how a family vanished several years ago, Daniel is warned to stay away or risk becoming the monsters next victim. But following his parents strange behaviour, Daniel throws caution to the wind and sets out to explore the wood for himself, where he makes a discovery that will change his life forever. Join Daniel on his journey into Thornton Wood... if you dare!
