

# The Vape Shop Manual: The Comprehensive Guide To Starting A Successful Vape Shop

The first full length book on opening a vape shop. The vapor industry has grown into a multi-billion dollar, global industry in just the last 4 years. Across the world, specialty vape shops are building successful and profitable businesses catering to the millions of people who now vape. While many have capitalized on the great vape rush, the biggest opportunities yet remain, as the vape industry is still in its infancy. An estimated 9 million Americans have switched to vaping, but an estimated 40 million Americans still smoke, we are just at the tip of the ice berg.

Now for the first time, learn the steps needed to start and grow a successful vape shop. This guide will teach you everything you need to know, from the first hand experience of someone whos actually done it. Sham Shivaie is a veteran of the vape industry, having opened 4 specialty vape shops in just two years. He has also launched e-liquid companies, and is owner of the worlds largest digital media news publication for vaping. He consults and advises for a number of global brands, and is a leading expert on the industry. The Vape Shop manual lays out the blueprint for success in an easy to follow, step by step system. It answers the questions many vapers have always wondered about operating a vape shop. Dont miss out on this multi-billion dollar industry, learn how to cash in and take advantage of this once in a life time opportunity to not only build a lucrative business, but help people improve their quality of life.
