

Wanting All the Right Things: Finding a Spiritual, Balanced, & Fulfilled Life

Contemporary culture is awash in conflicting messages for women. Torn between feminism and conservatism, individuality and family, ambition and selflessness, today's female professionals, wives and mothers often find themselves influenced by conflicting, powerful ideals. In *Wanting All the Right Things*, Shirin Taber weaves together biblical principles, personal experiences and revealing interviews to provide solutions to the complex issues women face today.
