

Does the Bible have answers for the problems facing today's families? Yes. Absolutely. Our families are in trouble. They are under siege. Divorce is rampant. Parental rights are eroding. Social welfare coercion is on the rise. Governmental intervention has become commonplace. One legislative and judicial booby trap after another has been set, right in our own backyard. Many social analysts and Christian counselors fear that if basic family structures continue to sustain such destructive attacks, they will not survive, and the very foundations of Western civilization will crumble. Helpless in the face of impending calamity, they do not know what to do; they don't have answers. But the Bible does. In this volume of the groundbreaking Biblical Blueprint Series, Rev. Ray Sutton outlines what those answers are. He shows how these bombs can be defused. He assures us that families can be saved from the ravages of this revolutionary siege if only we would obey Scripture's clear commands. The Bible tells us what to do, when, where, how, and why. It offers us blueprints for victory. *Who Owns The Family?* lays out that blueprint simply, practically, and understandably. It demonstrates that neither the state bureaucrats nor the courts control our families' futures. God does.
